WHO ARE UTAH WOMEN IN TRADES?

ABOUT US - Founded in 2010, UWIT mission is to retain and increase the number of women seeking and obtaining opportunities in non-traditional building and construction trades by supporting education through apprenticeship programs, outreach and retention programs, mentoring new trades women, celebrating success and providing encouragement and hope for future generations. To insure that all women who enter construction trades are able to work in a **safe working** environment, free from **harassment**.
